I call to your attention an important duty on the part of all inventors, their attorneys, and everyone involved in the preparation and prosecution of a patent application to disclose to the Patent and Trademark Office any information (such as prior use, offers for sale, patents or publications) of which they are aware that is material to the patentability of the invention claimed in the application. Failure to fulfill this duty of disclosure may seriously jeopardize the validity of any patent which ultimately results from the application.

In order to satisfy this duty, we have identified in the Information Disclosure Statement all of the relevant prior art of which we are aware. If you are or become aware of any more relevant art, please let me know.

Accompanying this letter is a statement showing an additional charge of \$500, reflecting our hourly rates, for the numerous changes we have made to the application per your request.

If you have any questions or comments about any of the enclosed documents, please get in touch with me with to discuss the matter.

Sincerely,

A handwritten signature in black ink that reads "William A. Birdwell". The script is cursive and fluid, with the first name "William" and last name "Birdwell" clearly legible.

DEAR SIRs,

I HAVE LISTED EVERY DOCUMENT REQUIRED AND
INFORMATION NOT INCLUDED ON TWO PIECES OF PAPER.
DO YOU STILL WANT ME TO LIST EVERYTHING I'M SENDING
YOU ON THIS SMALL POSTCARD?

Thank you, Robert James Wroten

Information Not Included

The documents and information not included in my checklist are the application number, custom number, or foreign number. I faxed you about obtaining such numbers on February 9th 2004 and your response took almost two weeks. These are the numbers on this copy sent to me by email. I guess this is the number you want. By the way I was never contacted the next business day. Then or still now.

In the general information concerning patents booklet on pages 11 and 12 on "Oath or Declaration Signature" about obtaining an oath signature from a notary public it states: A declaration does not need to be notarized. I took my copy to the bank seeking a signature and was told I did not need one. So no signed oath. As for before seeking this signature, in the same general information concerning patents booklet on page 12 I was to logon to <http://www.uspto.gov> under the section titled "PTO Forms" I can obtain forms to send to you about this oath. I went to the website and what I got was "This page cannot be displayed" I could not obtain these forms. This is not my fault.

Patent Classification

I "click on every design classification to classify my patent design and could not find a classification for it. My design calls for my product to be made of plastic. So this information is not included.

Thank you
